### About Us:

In 2017, Dr. Dailey opened Freeland Foot & Ankle Clinic in Freeland, MI and is currently accepting new patients. He is looking forward to helping the people of the Greater Tri-Cities get back on their feet! He has a strong passion for helping those in need both in the medical field and in our community.

Dr. Dailey is married with two amazing children, ages 1 and 4. In his free time, he enjoys running, collecting and restoring classic cars, and supporting worthy causes and organizations in the area.

### Tip-py Toes:

Caring for Children's Feet!

- ~ Keep their toenails trimmed. Always cut kids' nails in a straight line and check every week.
- ~ Choose the right socks. Socks that are too small can constrict toes and affect circulation.
- ~ Get the right shoe size. Children's shoes should be checked monthly to see if they fit properly. *The wrong shoe can cause blisters, corns, calluses, and ingrown toenails. ALWAYS take your child with you when buying shoes for them.*

### Deal of the Month

10% Off Biofreeze! Call to get yours today. Biofreeze provides quick relief for aches and pains. The topical gel utilizes the power of menthol and science to block pain.
